To Whom It May Concern:

It is my pleasure to recommend Kristina Persall for employment. I had the privilege of volunteering alongside Kristina at Okinawa Stray Pet Rescue (OSPR), where she served on our Board of Directors as the Social Media and Events Coordinator. Throughout our time working together, Kristina consistently demonstrated exceptional creativity, leadership, strategic thinking, and an unwavering commitment to the organization's mission.

OSPR is a nonprofit animal rescue serving both the United States military and the local Okinawan community. As a 100% volunteer-operated organization, we rely heavily on dedicated individuals who are willing to contribute their time, talents, and expertise. Kristina quickly became one of our most valuable team members.

When Kristina joined OSPR, our social media presence lacked consistency, organization, and engagement. Recognizing the importance of digital marketing in reaching adopters, recruiting volunteers, and increasing donor support, she completely transformed our online presence. Through thoughtful branding, professional graphic design, compelling storytelling, and strategic audience engagement, she elevated our organization's visibility and credibility.

Kristina developed educational infographics promoting responsible pet ownership and animal safety, designed eye-catching promotional materials for adoption campaigns and fundraising initiatives, and created engaging content that strengthened our connection with the community. Her efforts significantly expanded our reach and helped establish a stronger, more recognizable brand that continues to benefit the organization today.

Beyond her technical skills, Kristina naturally stepped into a leadership role by sharing her marketing knowledge with fellow volunteers. She facilitated discussions on branding, design principles, audience engagement, and digital communication strategies, helping others understand how thoughtful marketing can directly support an organization's mission.

During the unprecedented challenges of the COVID-19 pandemic, Kristina's adaptability and innovation proved invaluable. When in-person fundraising and adoption events were canceled, she proactively developed virtual fundraising campaigns, including custom-designed apparel sales and online contests that successfully maintained community engagement while generating critical financial support. Throughout these projects, she skillfully managed vendors, coordinated logistics, negotiated with third-party partners, oversaw project timelines, and ensured each initiative aligned with the organization's goals and brand identity.

Kristina possesses a rare combination of creativity and strategic execution. She is not only an exceptional designer and marketer but also an organized project manager who understands

how to transform ideas into measurable results. She approaches every challenge with enthusiasm, professionalism, and a genuine desire to make a meaningful impact.

If I had to describe Kristina in one word, it would be passionate. She brings remarkable energy, dedication, and heart to everything she undertakes. Her work ethic is contagious, her creativity is inspiring, and her commitment to excellence makes her an asset to any organization fortunate enough to have her on their team.

I recommend Kristina without reservation. I am confident she will bring the same innovation, leadership, and dedication to your organization that she brought to ours, and I have no doubt she will make an immediate and lasting positive impact.

Sincerely,
