

To Whom It May Concern:

I am pleased to recommend Kristina Persall for employment. During the time we worked together at Drip IV Wellness & MedSpa, I had the opportunity to observe her work ethic, professionalism, and commitment to excellence firsthand. She consistently demonstrated qualities that made her an invaluable member of our team.

One of Kristina's greatest strengths is her leadership. She naturally takes initiative and doesn't wait to be asked before identifying opportunities to improve processes, solve problems, or support her coworkers. She consistently goes above and beyond her assigned responsibilities because she genuinely wants the organization to succeed.

Kristina is also an exceptional communicator. Whether she was gathering information for a marketing project, coordinating with team members, or communicating with leadership, she made sure she understood every aspect of the task. She has a remarkable ability to ask the right questions, identify the who, what, when, where, why, and how of a project, and ensure everyone involved remains informed and aligned.

She is confident presenting new ideas and isn't afraid to establish higher standards when she sees opportunities for improvement. Kristina approaches challenges thoughtfully and professionally, always focusing on solutions that benefit the entire team and the organization rather than simply maintaining the status quo.

Our workplace often required balancing multiple priorities in a fast-paced environment, and Kristina excelled under that pressure. She remained organized, adaptable, and dependable while managing competing deadlines, consistently delivering high-quality work even during the busiest periods.

Perhaps what impressed me most was her personal drive. Kristina holds herself to exceptionally high standards and continually looks for ways to improve, even after completing outstanding work. She pays close attention to detail, welcomes constructive feedback, and is always striving to grow professionally. Her commitment to excellence is evident in everything she does.

Beyond her professional abilities, Kristina is a supportive teammate who brings positivity, creativity, and dedication to the workplace. She genuinely cares about producing meaningful results and helping those around her succeed.

I recommend Kristina without reservation. She would be an outstanding addition to any organization seeking someone who is proactive, dependable, creative, hardworking, and committed to continuous improvement. I am confident she will make a positive and lasting impact wherever her career takes her.

Sincerely,

Myra Collier
